

CAMPUS DINING REIMAGINED

FoodLine — Zero-Queue Campus Express Pickup

Turning 15-minute campus recess queue bottlenecks into 30-second express handovers. Students pre-order from class desks, receive an optical QR pass, and bypass 200-student crowds straight to the express counter.

Why Recess Lines Ruin Every Student's Break

12 MIN

12-Minute Push & Shove

Recess is only 15 minutes. Students spend 12 minutes trapped in a packed crowd waving notes, leaving just 3 minutes to eat before the next lecture bell.

40% DROP

"Bhaiya Samosa Khatam!"

After waiting 10 minutes in the rush, students reach the counter only to discover their favorite snack is sold out. Hungry students return to class empty-handed.

**₹5,000
Fraud**

During interclass transactions, cashiers catch digital payments, flash fake notes, and walk away.

The Zero-Wait VIP Express Pass in 4 Steps

01

Pick Break Slot

Select 10:15 AM or 11:50 AM break on your phone before the lecture bell.

02

Pay 100% Online

Direct UPI payment with instant 12-digit UTR validation. Zero COD lines.

03

Get Optical Pass

Screen displays glowing high-contrast QR pass + unique 4-digit pickup OTP.

The 60-Order Slot Throttler (Zero Kitchen Choke)

Controlled Kitchen Flow

Traditional canteens crash when 400 students rush the counter at once. FoodLine caps each 15-minute break slot to exactly 60 orders so food is cooked fresh, packaged in advance, and handed over in 30 seconds without kitchen bottlenecks.

LIVE SLOT 11:15 AM CAPACITY

56 / 60 BOOKED

Slot Throttler Active: 4 Slots Remaining • Zero Overbooking

Campus Clock & Atomic Concurrency

PostgreSQL row-level transactional isolation during class dismissal when 2,000 students book simultaneously, the 60-order cap is maintained.

LIVE CAMPUS CLOCK AUTO-S

- Auto-detects real-time IST at Sanjiv
- Expired break slots close automatically begins.
- Automatically rolls over into 'Tomorrow'

12-Digit Bank UTR & Replay Anti-Fraud Shield

12-Digit UTR Capture

Every genuine UPI transaction generates a unique 12-digit bank reference number recorded by NPCI with timestamp and amount.

Duplicate Replay Lock

Attempting to reuse a friend's old payment screenshot triggers instant cryptographic rejection and security audit log.

Direct-

Zero Cash settle direct account with delay.

Kitchen KDS Tablet & Audio Chime TV Display

Cook's Realtime Tablet KDS

Organizes high-velocity orders into 3 columns: Preparing, Ready, Collected via live Server-Sent Events (SSE).

Audio Announcement Chimes

Built-in Web Audio API chimes announce completed tokens: 'Token FL-1793 is Ready at Counter 1!'

Student Login & Instant Express Pre-Ordering

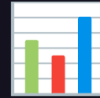

1-Tap PRN Auto-Resolution

Students log in instantly with their Sanjivani PRN or Google Auth. System auto-resolves branch, semester, and profile in 200ms.

Direct Cafe @7 Express Lane

1-tap entry into Cafe @7's full 44-dish menu. Intelligent break-time slot recommendation prevents queuing during recess peak.

Google Sheets Master Sync

Direct integration with university directory spreadsheets. Zero rogue accounts, automatic verification, and live admin sync.

Day/Night Modes & Royal Ivory-Gold Luxury Theme

Royal Ivory & Gold

Porcelain ivory canvas paired with imperial gold and champagne accents for executive presentations.

Sunlit Day Mode

High-contrast, glare-free aesthetic calibrated for outdoor campus courtyards and bright lecture halls.

OLED Night Mode

Deep battery-saving dark glassmorphism tailored for late-night hostel cram sessions and study marathons.

40-Second Video Campaign: 'Own Your Recess'

0:00 - 0:08

The Panic

Loud bell rings. 40 students jam the Cafe @7 counter waving notes as the clock ticks away.

0:08 - 0:20

The Hack

Smart student on phone desk taps Cafe @7, selects 11:50 AM slot, pays via UPI in 5 seconds.

0:20 - 0:32

The Flex

Student walks past crowded line to VIP pickup lane. Flashes QR code, grabs hot samosa in 18s.
